

## BRYLIA STUD

My sister Judy and I learned to ride on Shetland ponies in Bedfordview. Our family moved to Bryanston, and we then went for lessons with Leslie Taylor. We both competed in show jumping as juniors and adults. Judy started a riding school after high school, and I joined her a few years later. We ran the stables (Chiron) for 13 years and then sold the business. We had some wonderful school ponies, some were part-bred Welsh.

*Hydown Buzz*

I bought my daughter Julia her first pony when she was six years old, by the name of Hydown Buzz who was by Badgemore Moon Dazzler out of Hydown Budget by Marsh Golden Sands. She started in lead rein classes, then first ridden and when Julia was eleven, she was then ridden by my son Bryan for a few years. At the Showing Festival in 2000, Bryan won the Champion Purebred Young Childs Pony after winning in the working hunter class. Hydown Buzz retired with us and lived well into her twenties.

*Waterside Ready Token with Julia*

*Waterside Ready Token*

I then bought Waterside Ready Token, who was by Foresyte Bannut Glyndwr out of a Thoroughbred mare Columbo Guinea, for Julia as a three-year old from Mr Bennet. He did really well in the part-bred Welsh classes with Julia, especially the show hunter classes. He won Supreme Gelding in Hand twice at the Horse of the Year Show. When Julia went to University, we sold him to Bronwyn Meredith, who also did well on him. He was then sold on to the Mohr family in Cape Town.

Gail Rosegold gave me a lovely Thoroughbred mare by the name of Dorset County for my daughter Julia. Dorset County was born in 1989, a chestnut by Condorset out of Keep it Country. She measured (1.50 m) and won 4 races. Julia was a little young for her at the time, so I decided to put her in foal to a Welsh Section B stallion Foresyte Cambrian Golden Gorse, who was owned by Dr and Mrs Roger Walker.

I called our stud Brylia, using both my children's names (Bryan and

*Dorset County with foal Brylia Cotton Club*

Julia). The first foal was born on 8<sup>th</sup> Sept 1997, and we called him Brylia Cotton Club. The second foal was born on 12<sup>th</sup> October 1999, and we called him Brylia Dorset Lad. Unfortunately, Dorset County

died a few weeks after Dorset Lad was born, so we only had the two ponies from her.

*Brylia Cotton Club with Julia Goodman*

We showed both ponies in hand and then sold them on. Brylia Cotton Club was sold to the Lotus family for daughter Kimberley and Brylia Dorset Lad to Megan Hanes. Brylia Cotton Club was shown, show jumped, did dressage and evented. He was then leased to the Cetinich family for their daughter Marisa, who, continued to do very well on him and won the ‘Complete Pony Class’ at the 2009 Pony Rider & Junior Derby.

Brylia Cotton Club was sold on to a family in the Free State and excelled in dressage. I believe he has now been retired.

Brylia Dorset Lad was ridden by several children, and was shown, show jumped, evented and even used for vaulting. He was Reserve Supreme Young Childs Pony one year at the Autumn Gold Cup. His temperament, like his brother’s, was wonderful. He is also enjoying a happy retirement.
